DESCRIPTION

This project will provide a new local park on a 25-acre tract of undeveloped parkland on Glen Road in Potomac. Facilities will include a regulation soccer/football field with spectator areas, a single basketball/multi-use court, a single grass volleyball court, a playground, asphalt loop path and pedestrian connections, central seating and entrance feature, picnic table areas, gazebo, 70 space parking area, portable toilets, bioretention stormwater management facilities, landscaping, and other miscellaneous amenities. Design is scheduled in FY10, with construction in FY11-FY12.

JUSTIFICATION

This new park was proposed in the Potomac Subregion Master Plan approved and adopted in 2002. The 1998 Park, Recreation and Open Space Master Plan identified the Travilah planning area as having some of the highest unmet recreational needs in the County, specifically identifying the need for ballfields, basketball courts, and playgrounds in this planning area. The Montgomery County Planning Board approved the park facility plan on September 8, 2005. Greenbriar will provide many new facilities estimated as needed by the Draft 2005 Land Preservation, Parks and Recreation Plan, specifically a playground, basketball court and a new soccer field. This park is essential as it is one of the few locations where new fields in the area can be placed. The path will also provide walking paths to be used by the schools and community

Plans and Studies

Facility plan approved by the Montgomery County Planning Board September 8, 2005. Parks, Recreation and Open Space (PROS) Master Plan approved by Montgomery County Planning Board July 1998. The 2005 Draft Land Preservation, Parks and Recreation Plan (LPPRP). Potomac Subregion Master Plan approved and adopted in 2002. A review of impacts to pedestrians, bicycles and ADA requirements will be performed and addressed by this project. Traffic signals, streetlights, crosswalks, bus stops, ADA ramps, bikeways, and other pertinent issues will be considered in the design of the project to ensure pedestrian safety.

Cost Change

Not applicable.

STATUS

Final design stage.

FISCAL NOTE

In summer 2003, the Commission received a \$300,000 donation in lieu of land from William Rickman to provide for a regulation soccer field somewhere in the Potomac Subregion.
